OUR AREA UNDER PRESSURE

There are four development sites locally to us that are likely to have a significant impact on our area. **Councillor Vicki Harris** told Focus "Full planning applications have yet to be submitted but we all need to be aware of what is coming along so that our views can be passed on to the Council at the appropriate time."

Tesco site -

It is likely a planning application will be submitted in the new year for 805 residential units with only 340 parking spaces and to include a 22 storey tower block.

Tolworth Tower -

Following many months of speculation, this iconic building has recently been purchased by CNM Estates who have stated any redevelopment would include offices and residential.

Councillor Lorraine Rolfe said "The highways effect of these two proposals on Tolworth roundabout needs to be very carefully considered as already this roundabout is near to capacity."

Tolworth Girls School -

their plans include an expansion of the school and building on the playing fields to provide 100+ residential units.

Tolworth Hospital-

Proposals for a major redevelopment of the site that could have traffic implications in the area.

Councillor Thay Thayalan added "Each one of these is a major development on its own, when you take all four together, this is very significant for our area."

DOWN YOUR STREET

A scheme to help alleviate some of the speeding and parking issues in the **Hunters Road** area has been consulted on. The results of this will be considered by the Neighbourhood Committee at its meeting on 12 November at 7.30pm at Chessington Methodist Church.

Email: focus@tolworthandhookrise.org.uk

Transport for London have finally agreed to replace the A3 crash barrier opposite the junction with **Elmcroft Drive**. This will also involve some works to the reserve that the barrier sits on, replacing some pedestrian guard railing by the subway and alterations to the grass verge.

Neighbourhood Committee meetings are held locally where many issues that affect our area are discussed. These are public meetings and residents are encouraged to come along to take part in the discussions.

Footway replacement works in **Herne Road** have finally been completed

Long awaited yellow lines around junctions in the **Cranborne, Largewood, Ladywood and Hamilton Avenue** areas have recently been consulted on.

Cllr Thay Thayalan told Focus “These meetings are a great way for residents to find out what’s going on in our area, to raise issues that we weren’t aware of and to help guide our discussions.”

£ The annual Your Money, You Decide event recently took place. This is where residents have the opportunity to make the decisions about how some of the Neighbourhood’s money is spent. Community and voluntary groups submit bids up to a maximum of £2000 for proposals that will be of benefit to our area. Voting took place on 23 September at Tolworth Girls School and was very well attended.

Cllr Lorraine Rolfe added “Not only can residents join in the debate and discussion on agenda items but there is a public question time where people can raise any issues.”

Some of the successful bids were for 1st Tolworth Scout Group, Broadway Community Group, Man and Boy, Tackling Knife Crime and Kingston Police Cycle Fleet.

All the details of forthcoming South of the Borough Neighbourhood meetings can be found on the Council’s website www.kingston.gov.uk
